Dear Fellow AIL/NILICO Labor Advisory Board Member,

In celebrating our 40th Anniversary as the only AFL-CIO union chartered exclusively to represent Law Enforcement, I wanted to take the time and thank each of you for your continued support for our First Responder members and their families.

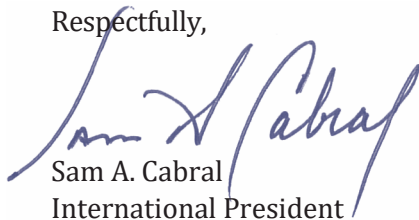

As part of our 40th Anniversary celebration, we are working with our program partners and fellow unions to highlight our accomplishments. One such partner that we have continued to work with for over 25 years is American Income Life/National Income Life Insurance Companies (AIL/NILICO). As we head into the beginning of another school year, AIL/NILICO offers a valuable tool that your members can utilize to help protect their children. This tool is provided to your membership at no cost and your locals can contact their AIL/NILICO representative or call AIL's DC office at 202-833-2030 for assistance.

In partnering with AIL/NILICO, these Child Safe Kits over the years have enabled AIL/NILICO to work with PTA's, schools, and other organizations to provide an extra level of assurance to families with children. The kit is a fingerprinting and identification tool that provides a place for up-to- date photographs, physical features, and vital information such as blood type, hair color, and eye color. The kit securely stays in the privacy of the family's home and made available in case that information is unfortunately, ever needed. Enclosed is a sample of this valuable Kit, for your personal review.

For families that travel with their children, it is recommended to securely pack the completed kit. Just recently, AIL/NILICO launched an electronic app that can be downloaded in Apple Store as well as Google Play. Also, parents and guardians are able to sponsor other family members and friends to receive the Child Safe Kits.

We hope you will join with us in promoting this valuable resource provided by AIL/NILICO and continue to support their labor efforts. Together we can add an additional layer of security and help protect the children in our families.

Respectfully,

Sam A. Cabral

Dear Parent:

The safety and protection of our children is the most important commitment of your child's school Principals, Assistant Principals and other school-related Supervisors. Providing a safe and secure environment is paramount to support teaching and learning. For that reason, the American Federation of School Administrators is strongly supporting the Child Safe program of the American Income Life Insurance Company (AIL).

Because the media is filled with instances of child abductions or children lost, the Child Safe Identification kit gives you the opportunity to have your child's identifying information on record through fingerprints, photographs and other important information. In the unthinkable case that your child might be in such a situation, you can immediately provide essential information to the appropriate authorities.

AFSA is lending its wholehearted support to American Income Life to provide thousands of Safe Kits to America's working families. AIL has been in the business of protecting and supporting individuals and families through its benefits packages.

We encourage you to utilize the Child Safe Kit to protect your child and sincerely hope that it will never need to be used.

Sincerely,

Jill

June 12, 2017

Dear colleagues and friends,

Nothing is more important than the safety of our children. Every 40 seconds, a child goes missing in the United States. That means 800,000 children every year “disappear” from our communities, leaving their families, classmates, educators and caregivers in a state of fear, and the children themselves in danger.

To help protect our kids, the AFT is joining with the National Child Identification Program, which provides free child ID kits.

The kits allow families to take their child’s fingerprints on a card with space for a current photograph and descriptive information. If a child goes missing, the family can give the card to a public safety officer to scan the child’s fingerprints into the National Crime Information Center database to help find that child.

These kits maintain your privacy and are easy to complete. All you have to do is fill out the enclosed fingerprint identification card with the child’s most recent information. Simply follow the instructions for both the fingerprint and DNA sections. Then store the card in a safe place and only turn it over to authorities in an emergency.

It’s vital for us as parents, grandparents and guardians to be prepared. The AFT wants to do its part, although we hope that once you complete this kit, you will never need to use it.

In solidarity,

Randi Weingarten

Child safety is on our minds more than ever. We can never do too much to protect our most precious gift, our children. Unfortunately a recent study* has revealed some rather startling statistics.

- Nearly 800,000 children are reported missing each year.
- That represents over 2,000 children per day who do not come home.
- Experts agree that photos and other identification supplied in the first 24 hours are crucial in safe recovery.

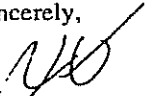

American Income Life is working with schools, child care facilities and youth organizations across the US, Canada and New Zealand to provide NO-COST Child Safe Kits, proudly endorsed and supported by:

- International Union of Police Associations
- American Federation of Teachers
- American Federation of School Administrators

These kits allow families to record and keep fingerprints, vital information and a photo of each child, so if the child is ever lost or abducted, this vital data can quickly be relayed to authorities.

That's why your child's school, together with American Income Life Insurance Company, has arranged at NO COST to you or the school, Child Safe Kits for you to complete at home. We urge you to request Child Safe Kits for the children and grandchildren in your family. Let's work together and do everything we can to help protect our children.

Sincerely,

Ruth Ortega
Principal

P.S. You and your family may qualify for additional insurance benefits offered at this time. Please take a few minutes and listen to the AIL representative who will be delivering your Child Safe Kits(s). If you have any questions on this program, please call American Income Life Insurance Company at (800) 495-1213.
